

## How to add palravshah to chrome and use google photos

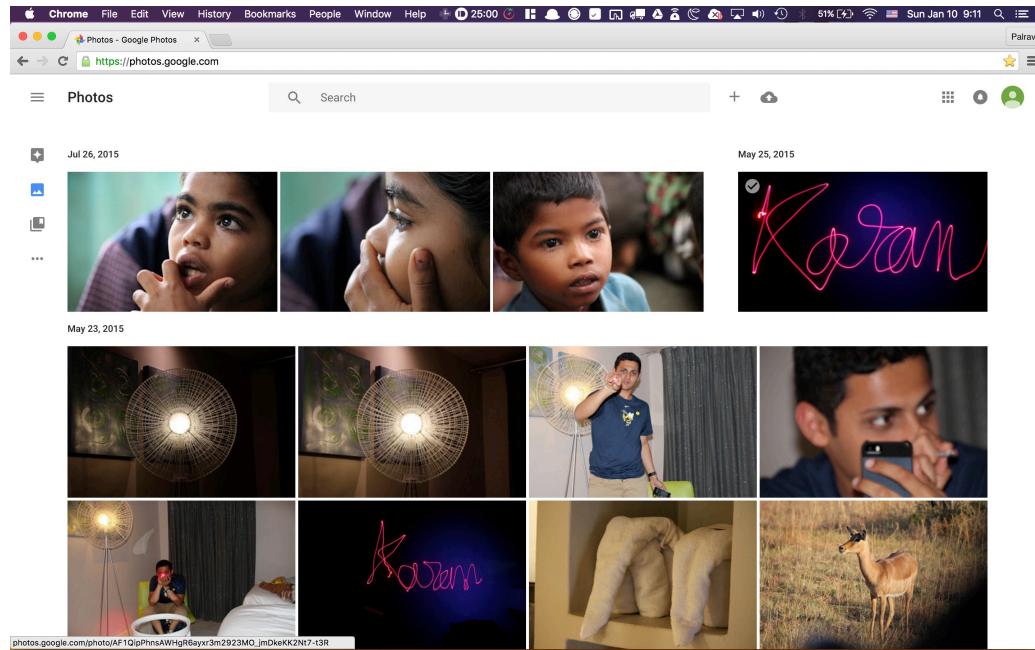

1. Open Chrome
2. Click on your name on top right hand corner

- 
3. Click switch person
  4. Click add person

5. A new window will open. Enter palaravshah@icloud.com in the email and the password we decided in password.
6. Go to photos.google.com or click on photos in the bookmarks bar.

7. Click in the search field on top. It will show a list of people.
8. Click on the photo of that person or write name in search bar (e.g Sonu for Suhani etc)
9. For multiple people write names separated by & (eg Karan & Pappa for Me and pappa or Karan & Daddu & Sonu for Me and Sonu and Daddu)
10. You can try searching for Babies by writing "Karan Baby" or "Sonu Baby" or "Nirav Baby" or just "baby". Wont be 100% accurate.
11. Search by anything (eg Cars will show pictures with cars in it, South Africa will show pictures in South

Africa, "Karan with Ostriches" will show pictures of me and ostriches).

12. To go back to your account, click on Palrav on top right , switch person and then your name.
